Our school initiatives are showing substantial progress toward our targets

After reviewing our 2018 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

We have successfully met 2 out of our 3 targets.

- We aimed to increase the % of students in the upper two bands in Reading for Year 3 to >60% in 2018 and we achieved **61.6%**.
- We aimed to increase the % of students achieving national minimum standards in Reading for students in Year 3 to >99% in 2018 and we achieved **99%**.
- We aimed to increase the % of students achieving school and regional benchmarks in Reading to 85% for Prep to Year 6. We achieved 80%, falling short of our target.

Initiatives implemented include:

- Analysing Reading and English Assessment Task data to inform the next teaching and learning cycle in English, differentiation and strategies to improve student outcomes
- Ensuring that we have consistent approaches for the teaching of Reading
- Providing quality and timely intervention for students in Reading
- Providing teachers with professional development and coaching opportunities to improve teaching practices.
