The Mount Crosby State School Chaplaincy operates as a Pastoral Care and Mentoring Model.

The Primary Objectives of the Chaplain are:

To support the school in its aim to be a safe, caring environment.

To be a Christian role model in his daily personal and professional life and be available for pastoral care within the school community.

To participate in the general life of the school.

To be accountable to the Principal, LCC and Scripture Union for the respective responsibilities.

Scripture Union Qld is an interdenominational Christian organisation, officially endorsed by Education Queensland as an accredited employing authority for school chaplains. They have worked in schools for more than 75 years, in partnership with local churches and community groups. Since 1990, SU Qld has been the leading supplier of school chaplains in Queensland State Schools, currently training, equipping and overseeing more than 400 chaplaincies. SU is a member of the worldwide Scripture Union International Community.
Whilst providing an additional dimension to the school’s support of students, the chaplain also holds a unique position within the school and wider school community through extending care and support to staff and parents as well as to students. Although pastoral care and education occupy most of the chaplain’s time, he is also actively involved in the general life of the school.
